Artificial Intelligence – Academy and Industry

24.05.2021   the Israeli Conference on Artificial Intelligence

CALL FOR PROPOSALS

Venue: Due to COVID, conference will take place online

Goal: The purpose of the conference is to serve as a platform for presenting innovations in the world of artificial intelligence and machine learning with an emphasis on the meeting points between academia and industry. The conference will serve as a meeting place for dialogue, sharing innovations and needs and exchanging opinions and ideas between experts and researchers from both industry and academia dealing with these fields.

The conference will include plenary lectures, and poster sessions and is in collaboration with the international conference on design and AI.

We invite you to participate in the conference and submit a proposal for the presentation:

Proposal for a plenary lecture presenting significant research or industrial application in the field of machine learning and / or artificial intelligence.

Proposal for short presentation presenting a new initiative or research in the field of machine learning and / or artificial intelligence. We are interested in first ideas or products - with an emphasis on finding a partner for further development or research. The length of presentation shall be 10 minutes and the purpose of the presentation is to allow dialogue and space for questions of those interested in the initiative.

Guidelines for writing a proposal:

The submission format will be: topic, author name (s), institutional affiliation, up to 5 keywords and a summary of up to 600 words for a plenary lecture, and a length of 300 words for a short presentation. Please clarify the innovation in your subject.

Abstracts will be published in the conference summary booklet on the conference website.

Please send your proposal using **_this form_** by 24.4.2021 Notices of approval of the presentation at the conference will be received by 6.5.2021

Conference organization committee:
Dr. Ayelet Butman
Dr. Jonathan Schler
Dr. Michal Gordon
